## Full-Stack Web Developer

Hello! I am a Full Stack Developer with a passion for design and creativity. My previous experience in design and communication has given me the ability to lead teams, be communicative, and implement innovative solutions. I specialize in Front-end and Back-end, and have knowledge in agile methodologies, GIT, data structures, and CSS frameworks. I have worked with technologies such as JavaScript, React.js, React-Redux, Chakra-UI, Node.js, Express, Sequelize, and PostgreSQL. I consider myself a proactive and analytical person, with ease of adaptation and a positive attitude. I am excited to continue learning and growing in my career as a Full Stack developer! My English level is advanced 70/100 (C1).

## PROFESSIONAL EXPERIENCE

### Speech therapist for children and adolescents

Assistance to children and adolescents with disabilities.

I worked with children and adolescents, providing tools for efficient communication, promoting the development of comprehensive and expressive language. I developed leadership and teamwork skills when providing interdisciplinary care with professionals from other areas such as psychopedagogy, psychology, and occupational therapy. I managed the administration of sessions, planning their content and development. I developed my own activities using design knowledge, with programs such as Adobe Illustrator, Photoshop, and Procreate.
